- Automation
- Tests

Vision

Software Requirements

- ▶ Simple interfaces with maximum functionality
- ▶ Secure and high availability
- ▶ Clean Code and use of best practices
- ▶ Easy to maintain
- ▶ SRS <https://github.com/keycloud/docs/blob/master/doc/SRS.md>

Scopes

Please sign in

☐ Use 2FA

Sign in

Register

Register

A login and registration form interface. It features a central blue square icon above a vertical line. To the left of the line is the 'Please sign in' section with fields for Username and Password, a 'Use 2FA' checkbox, and a blue 'Sign in' button. To the right of the line is the 'Register' section with a Username field and a dark grey 'Register' button.

Project Methodology

- ▶ Scrum (1 week sprint)
- ▶ Flat hierarchies
- ▶ Roles according to RUP (Rational Unified Process) terminology

Iterative Process

- Agile work environment
- Scope can be adjusted to fit the needs of the customer

Project Management

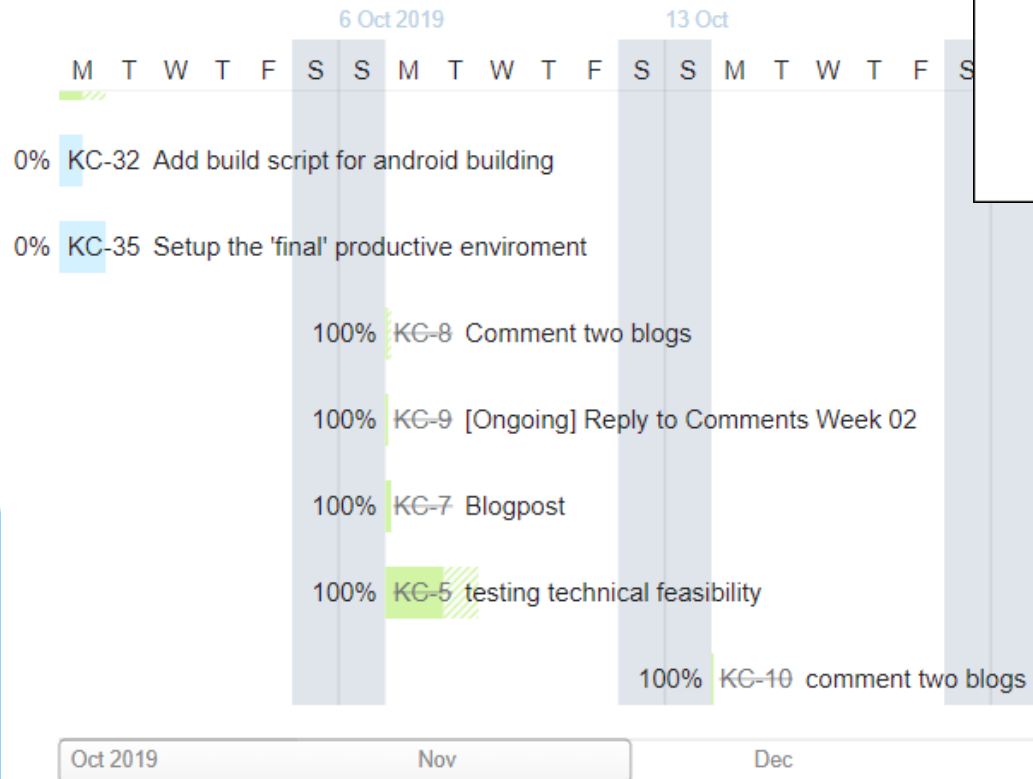

- Agile board (YouTrack)

The screenshot displays the YouTrack Agile board interface. At the top, there's a navigation bar with tabs for Issues, Dashboards, Agile Boards, Reports, and Projects, along with a 'Create' button. Below this is a search bar labeled 'KeyCloud' and a filter section for 'Filter cards on the board'. The main area shows a Kanban board with four columns: 'Open' (2h), 'To be discussed' (2h), 'In Progress' (2d), and 'Fixed' (1d30m). The 'Open' column has one card: 'KC-58 Refactor TeamCity configuration' (Critical, 2h). The 'To be discussed' column has one card: 'KC-37 monitoring tools' (Normal, 2h). The 'In Progress' column has two cards: 'KC-17 [Todo: 2] UC Diagrams' (Normal, 3h 33m, 1d) and 'KC-64 Midterm preparation' (+1 Show-stopper, 1d). The 'Fixed' column has three cards: 'KC-63 Read database config from .ini file' (Normal, 12m), 'KC-62 Fix SAD' (Normal, 10m, 30m), and 'KC-6 create a logo' (Critical, 4h, 1d). The board owner is 'zkdev'. A 'New swimlane ...' button is at the bottom right.

Board owner: zkdev

New swimlane ...

Time Estimation

Risk Management

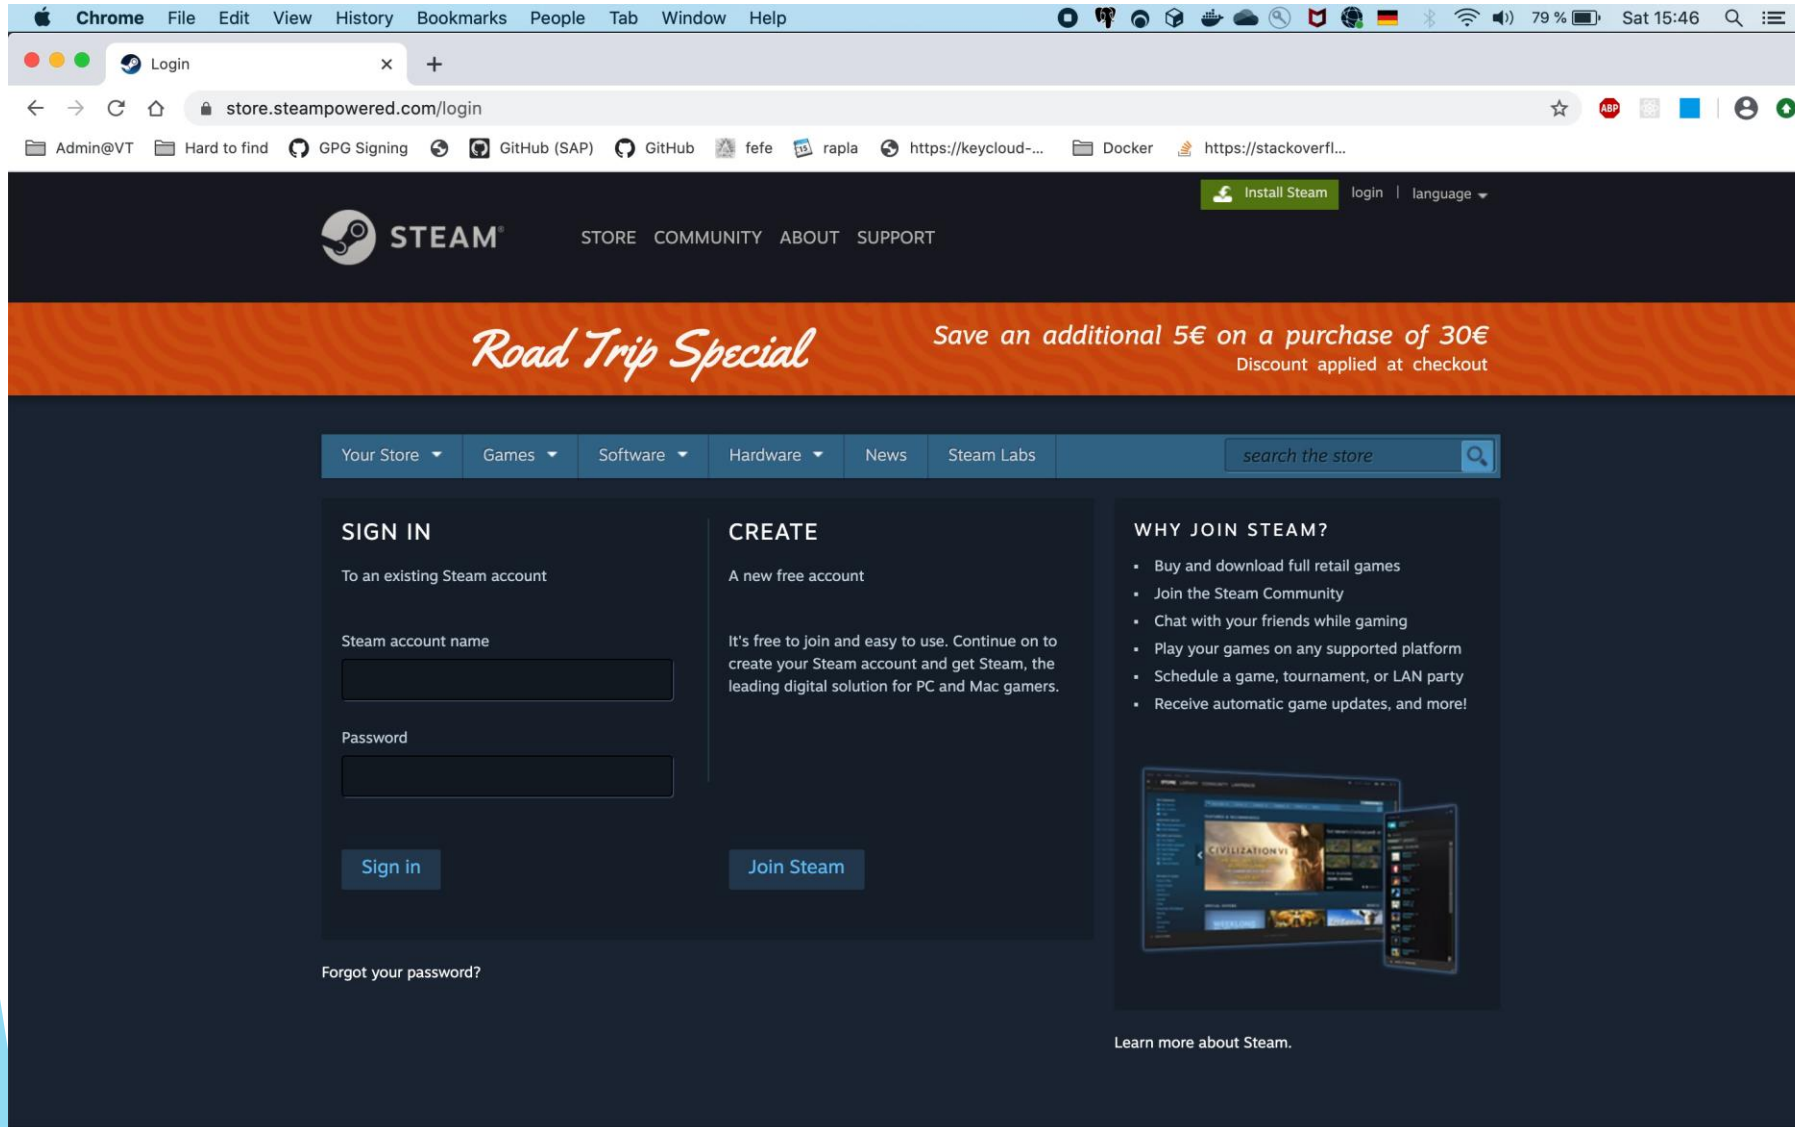

Risk	Prob. of Occurrence	Damage	Mitigation Strategy	Risk factor
Landscape Migration	medium	high	Backup strategy, switch back to old hosting solution, that already worked	high
Time delay	high	medium	Rebalance work load between team members, at least after the week on the next sprint meeting	medium
Disagreement	medium	medium	Open discussion, realignment, democratic choice out of three	medium
Underestimation of complexity	low	high	redefine scope	medium
Sickness	low	medium	Know each others code well, worst-case: redefine scope	low
Data loss	low	low	Accurate git version control usage	low

Demo

Further Functions

The screenshot shows the Steam store's login page in a Chrome browser. The browser's address bar shows 'store.steampowered.com/login'. The page features a dark blue header with the Steam logo and navigation links: STORE, COMMUNITY, ABOUT, and SUPPORT. A green 'Install Steam' button is also present. Below the header, an orange banner advertises a 'Road Trip Special' with a discount of 5€ on a 30€ purchase. The main content area is divided into three sections: 'SIGN IN' for existing accounts, 'CREATE' for new accounts, and 'WHY JOIN STEAM?' which lists benefits like buying games, joining the community, and receiving updates. A search bar is located at the top right of the main content area. The bottom of the page includes a link to 'Learn more about Steam.'
